TYPES OF MEETINGS

C = closed meetings for people who identify themselves as addicts.

O = open meetings for anyone interested in learning about CMA.

H&I = CMA Hospitals & Institutions Meetings designed to be of help to those addicts who reside in detoxification and drug rehab institutions. Generally, H&I meetings are closed (i.e., only residents of the institution and members of the general public who self-identify as drug addicts and/or alcoholics may attend) unless otherwise specified. The meeting format of H&I meetings are altered to target the residents of that institution.

If our regular meeting schedule does not meet your needs, CMA members are welcome to attend any H&I meeting.
